**PART I - THE SCHEDULE****SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS****B.1 1352.216-75 MINIMUM AND MAXIMUM CONTRACT AMOUNTS (JUL 1985)**

During the period specified in the “Ordering” clause (FAR Subpart 52.216-18), the Government shall place orders totaling a minimum of 30,000 but not more than 160,000 interviews for the Intercept Survey data collection. For Telephone Survey data collection, the minimum and maximum amount shall be 200,000 and 670,000, respectively. Parenthetically, orders shall require a minimum of 30 and maximum of 4500 interviews per cell ordered, for Intercept Survey Data collection. For Telephone Survey data collection, the minimum and maximum number of interviews per cell ordered shall be 200 and 20,000 per cell.

“Cell”, as used throughout this solicitation, refers to each sampling stratum of a Contract Line Item Number (CLIN) defined by State, Fishing Mode, and Wave for Intercept Survey data collection (i.e., Section B.3.1, CLIN 100, Maine, Shore Mode, Waves 1-6, etc...). For Telephone Survey data collection, it refers to each sampling stratum of a CLIN defined by Wave and State (i.e., Section B.3.1, CLIN 108, Waves 1-6, etc..Maine.).

[NOTE: *Should the Government exercise an option, this clause will be changed (Refer to Section H.2, Option to Extend the Effective Period of the Contract).*]

**B.2 ESTIMATED QUANTITIES**

*For pricing and evaluation purposes, the “Approximate Intercept and Telephone Household Interview Quotas by State, Wave, Fishing Mode, and Sampling Level,” (Current Sample Size) listed in Tables 2 and 3 of Section C.1, Statement of Work will be used and represent NOAA’s current estimate of quantities to be ordered by the Government. These quantities are estimates only, and the Government shall not be obligated to order these quantities. However, the Government shall order at least the total number of interviews designated in Section B.1 as the minimum quantity. Similarly, the Government shall not order more than the total number of interviews designated in Section B.1 as the maximum quantity. (Refer to Section M.6, Cost Evaluation.)*

**B.3 SCHEDULE OF PRICES**

This pricing schedule sets forth the prices applicable to the services to be furnished by the Contractor(s) under this contract as ordered by the Government pursuant to the “Ordering” clause (FAR Subpart 52.216-18) incorporated by reference under Section I.5 of this contract.

The following fixed unit prices, inclusive of all indirect costs and profit, shall be applied to the quantities ordered for the duration of the contract. These fully loaded rates shall cover all expenses, including salaries, overhead, general and administrative expenses, and profit.

Offerors are advised that this acquisition may result in multiple contract awards<sup>1</sup>. Therefore, offers for a specific segment of the survey (i.e., Intercept, Telephone data collection) must include unit pricing for all Contract Line Item Numbers of that segment during the Basic Contract and each Option Period. *(Refer to Section L.6, Preparation and Submission of Proposals.)*

---

<sup>1</sup>Offerors may submit offers for either the Intercept Survey or Telephone Survey data collection, or both.
